

**BOKSTAVSLEK – LATINSKA ORD**

Eva Tidner 2012

---

Sätt bokstäverna i rätt ordning så att de bildar latinska ord:

| <u>Animalia:</u> | (plur.) | <u>Res edibiles:</u> | (plur.) |
|------------------|---------|----------------------|---------|
| nesca            |         | custfur              |         |
| cacave           |         | evau                 |         |
| suri             |         | secnu                |         |
| billaca          |         | naiv                 |         |
| terpnesse        |         | napse                |         |

| <u>Partes domus:</u> | (sing.) | <u>Membra familiaria:</u> | (sing.) |
|----------------------|---------|---------------------------|---------|
| multirinci           |         | trema                     |         |
| trapo                |         | ilafi                     |         |
| maitru               |         | terraf                    |         |
| lumubucci            |         | septone                   |         |
| celmut               |         | rosor                     |         |

| <u>Partes corporis:</u> | (plur.) | <u>Instrumenta libraria:</u> | (sing.) |
|-------------------------|---------|------------------------------|---------|
| despe                   |         | yppasur                      |         |
| apacit                  |         | rible                        |         |
| nedest                  |         | apinga                       |         |
| eginaul                 |         | tussil                       |         |
| munsa                   |         | irattle                      |         |

## FACIT:

| <u>Animalia:</u> | (plur.)          | <u>Res edibiles:</u> | (plur.)        |
|------------------|------------------|----------------------|----------------|
| nesca            | <i>canes</i>     | custfur              | <i>fructus</i> |
| cacave           | <i>vaccae</i>    | evau                 | <i>uvae</i>    |
| suri             | <i>ursi</i>      | secnu                | <i>nuces</i>   |
| billaca          | <i>caballi</i>   | naiv                 | <i>vina</i>    |
| terpnesse        | <i>serpentes</i> | napse                | <i>panes</i>   |

| <u>Partes domus:</u> | (sing.)           | <u>Membra familiaria:</u> | (sing.)        |
|----------------------|-------------------|---------------------------|----------------|
| multirinci           | <i>triclinium</i> | trema                     | <i>mater</i>   |
| trapo                | <i>porta</i>      | ilafi                     | <i>filia</i>   |
| maitru               | <i>atrium</i>     | terraf                    | <i>frater</i>  |
| lumubucci            | <i>cubiculum</i>  | rosor                     | <i>soror</i>   |
| cetmut               | <i>tectum</i>     | septone (plur.)           | <i>nepotes</i> |

| <u>Partes corporis:</u> | (plur.)        | <u>Instrumenta libraria:</u> | (sing.)        |
|-------------------------|----------------|------------------------------|----------------|
| despe                   | <i>pedes</i>   | yppasur                      | <i>papyrus</i> |
| apacit                  | <i>capita</i>  | rible                        | <i>liber</i>   |
| nedest                  | <i>dentis</i>  | apinga                       | <i>pagina</i>  |
| eginaul                 | <i>linguae</i> | tussil                       | <i>stilus</i>  |
| munsa                   | <i>manus</i>   | irattle                      | <i>littera</i> |
